# Attention All Contractors!!! ENROLL TODAY!!

Starting 8 a.m. on July 27, 2010

---

The Venue at Liberty Forrest ~ 202 E. Forrest Street

Titan Environmental Services will conduct an all day training class (8 hours) with a 50-question multiple choice test at the end. They will issue the certifications to each student attending and passing their course. The certification is good for 5 years. Please send the completed form below and payment to Builders Association of Victoria to reserve your place. Class size is limited so please don't put this off.

---

### Important Changes Effective April 22, 2010

**New HUD and EPA Regulations beginning April 2010** will require all contractors that **disturb six square-feet of lead-based paint in homes, child care facilities and schools, built before 1978** to be certified and to follow specific work practices to prevent lead contamination. Titan Environmental Services provides this Lead Safe Renovator Certification to your workforce. Fines for noncompliance start at \$35,000 per day.

**Who Needs This Course?** All residential renovators, insurance restoration contractors, painters, window-siding & guttering professionals, plumbers, HVAC professionals, demo contractors, foundation repair specialists, government and historical restoration contractors ...and the list goes on and on. **Bottom line**—you must have a certified contractor on your job site. ***Be Proactive, Be Lead Safe, Be Certified and Be Compliant.***
